MUSCAT MEDITEX

# About us:

**MEDITEX Factory LLC** is a fully integrated industrial garment manufacturing enterprise, headquartered in the Rusayl Industrial Area of Muscat, Sultanate of Oman. Established with a forward-looking vision, MEDITEX is engineered to become the foremost regional authority in certified medical, industrial, flame-resistant, military, and institutional uniform manufacturing across the Gulf Cooperation Council.

At MEDITEX, we do not simply manufacture workwear — we engineer comprehensive professional garment programs that seamlessly unify industrial durability, regulatory compliance, and refined institutional identity. Every garment that leaves our facility represents a commitment to precision, reliability, and the exacting standards of the sectors we serve.

Our state-of-the-art manufacturing facility spans 6,000 square meters of purpose-built production space, equipped with precision digital cutting systems, advanced specialized sewing lines, professional embroidery and corporate branding technologies, and a multi-stage quality assurance framework that guarantees consistency and excellence across every production run.

MUSCAT MEDITEX

# About us:

MEDITEX proudly serves critical institutional sectors including:

- ▶ Healthcare Institutions, Hospitals & Clinics
- ▶ Oil, Gas & Energy Operators
- ▶ Governmental, Defense & Security Entities
- ▶ Industrial, Manufacturing & Service Organizations
- ▶ Hospitality, Hotel Groups & Food Service Enterprises
- ▶ Education Institutions, Schools & Corporate Entities

Our integrated supply programs encompass every stage of the garment lifecycle: from design development, certified fabric sourcing, and sample approval, through full branding customization and private-label corporate identity programs, to high-volume production management and structured delivery scheduling — ensuring uninterrupted operational continuity for every client we serve.

Our commitment to clients extends well beyond the point of delivery. MEDITEX maintains a comprehensive 12-month after-sales support program that includes manufacturing defect warranty coverage, technical correction and replacement within agreed parameters, performance follow-up for specialized garments, and coordinated reorder and size management support for contracted institutions.

# Our Vision & Mission:

## Vision

To establish MEDITEX as the leading regional industrial benchmark in certified garment manufacturing — recognized across the Gulf as the partner of choice for institutions that demand uncompromising quality, regulatory compliance, and a refined corporate identity.

## Mission

Our mission is to deliver performance-engineered garment solutions that empower institutions to operate with confidence, safety, and a unified professional image. We achieve this by combining advanced manufacturing capabilities with certified material sourcing, structured quality governance, and a client-first service model that prioritizes long-term value over transactional supply.

## Core Values

- ▶ Excellence — Uncompromising quality in every garment, every process, every delivery
- ▶ Integrity — Transparent partnerships built on trust, honesty, and accountability
- ▶ Innovation — Continuous investment in technology and advanced manufacturing solutions
- ▶ Reliability — Consistent performance that institutions depend on, without exception
- Sustainability — Responsible operations that protect people, communities, and the environment
